

LEXTAR ELECTRONICS CORP.

Meeting Minutes Of 2019 Annual General Shareholders' Meeting (Translation)

Time and date of the Meeting: June 6, 2019 at 9:00 A.M. (Local time)

Venue of the Meeting: No.1, Gongye E. 2nd Rd., Hsinchu Science Park, Hsinchu City, Taiwan (R.O.C.)

Total shares represented by shareholders present: 307,746,485 shares (including 53,195,546 shares casted electronically)

Percentage of shares held by shareholders present: 59.24 % of total outstanding shares

(The translated document is prepared in accordance with the Chinese version and is for reference only. In the event of any inconsistency between the English version and the Chinese version, the Chinese version shall prevail.)

Lextar Electronics Corp.

2019 Annual General Shareholders' Meeting Minutes

Time: 9:00 a.m., June 6, 2019

Place: No.1, Gongye E. 2nd Rd., Hsinchu Science Park, Hsinchu City, Taiwan (R.O.C.)

Total Lextar outstanding shares: 519,431,380 shares (excluding treasury stock)

Total shares represented by shareholders present in person or by proxy: 307,746,485 shares (including 53,195,546 shares casted electronically)

Percentage of shares held by shareholders present in person or by proxy: 59.24 %

Attendees:

Feng Cheng Su, Chairman of the Board of Director and Chief Executive Officer

Sen Tai Wen, Independent Director and Chair of the Audit Committee

Hsuan Bin (H.B.) Chen, Director

Teng Huei Huang, Director

Yih Lian Chen, Independent Director and member of the Audit Committee

Shian Ho Shen, Independent Director and member of the Audit Committee

Cheng Chien Chen, Certified Public Accountant of KPMG Taiwan

Peng Kwang Chen, Attorney

Chair: Feng Cheng Su, Chairman of the Board of Director

Recorder: Po Yi Chang

I. Commencement (The aggregate shareholding of the shareholders present in person or by proxy constituted a quorum. The Chair called the meeting to order.)

II. Chair's Address (omitted)

III. Report Items

1. To report the business of 2018.

Explanation: The 2018 Business Report is attached hereto as Attachment 1 (page15~16)

2. Audit Committee's Review Report.

Explanation: The Audit Committee's Review Report is attached hereto as Attachment 2 (page17)

3. To report distribution of employees' profit sharing bonus and directors' profit sharing.

Explanation: For 2018 profit distribution, the proportion of employee profit sharing bonus and directors' profit sharing are 12% and 0.8% of distributable pretax earnings before employee profit sharing bonus and directors' profit sharing. According to the proportion aforementioned, employees' profit sharing bonus would be NT\$ 10,497,895 and directors' profit sharing would be NT\$ 699,860. Both are proposed to be distributed by cash.

4. To report the issuance of securities in private placement.

Explanation:

(1) It has been approved by the Annual General Shareholders' Meeting held on June 5, 2018 to authorize the Board of Directors, within the limit of 55,000,000 common shares, considering both the market conditions and the Company's capital needs to choose appropriate timing and one or more fund raising instruments to issue new common shares for cash to sponsor issuance of the overseas depositary shares and/or new common shares for cash in public offering and/or new common shares for cash in private placement and/or overseas or domestic convertible bonds in private placement in accordance with the applicable laws and regulations

(2) Considering changes over market conditions, the Company has resolved to terminate the private placement offering.

IV. Election Item

1. To elect eight directors (including three independent directors) (Proposed by the Board of Directors)

Explanation:

- (1) The term of office of the fourth term of directors is going to be expired on June 2, 2019. Thus, it is proposed that the 2019 Annual General Shareholders' Meeting holds the election for eight directors (including three independent directors). The term of office of the new directors (including independent directors) would be three years from the date on which they were elected.
- (2) In accordance with the Company's Article of Incorporation, the election of directors shall be conducted under the Candidate Nomination and the directors shall be elected from the nominated candidates. The academic background, experience and relevant information of the nominated candidates are attached hereto as Attachment 3 (page 18~20).

Election Results: Eight directors (including three independent directors) were elected by the shareholders present. The tenure of the newly elected directors commences on June 6, 2019 and shall expire on June 5, 2022. The list of the newly elected directors with indication of votes received by each was as listed below:

Title	Shareholder Name or Name	Votes Received
Director	Feng Cheng Su	309,258,240
Director	Kuo Hsin (Michael) Tsai, Representative of AU Optronics Corp.	275,510,407
Director	Wei Lung Liao, Representative of AU Optronics Corp.	275,121,029
Director	Hsuan Bin (H.B.) Chen	275,948,121
Director	Teng Huei Huang	265,171,914
Independent Director	Sen Tai Wen	268,026,596
Independent Director	Yih Lian Chen	264,702,235
Independent Director	Shian Ho Shen	264,702,235

V. Recognition and Discussion Items

1. To accept 2018 Business Report and Financial Statements (Proposed by the Board of Directors)

Explanation:

- (1)The 2018 Financial Statements were audited by the independent auditors, Cheng-Chien Chen and Yung-Hua Huang of KPMG.
- (2)For the 2018 Business Report, Independent Auditors' Report, and Financial Statements thereto, please refer to Attachment 1 and 2 (page 15~17) and Attachment 4 and 5 (page21~36).

Voting Results: 307,746,485 shares were represented at the time of voting (including 53,195,546 shares casted electronically)

Voting Condition	Voting rights	% of the total represented at the time of voting
Votes in favor	301,588,621	98.00%
Votes against	52,671	0.02%
Votes invalid	0	0.00%
Votes abstained	6,105,193	1.98%

RESOLVED, that the above proposal be and hereby was accepted as proposed.

2. To accept the proposal for the distribution of 2018 profits. (Proposed by the Board of Directors)

Explanation:

- (1)The 2018 net profit after tax was NT\$ 49,291,583. After adjusting unappropriated retained earnings at the beginning of the period and Legal reserve, the company proposes NT\$ 29,310,157 as available distribution of surplus. The proposed distributions of a cash dividend would be around NT\$0.0572 per common share. For the 2018 Earnings Distribution Statement, please refer to Attachment 6 (page37).
- (2)The total number of common shares outstanding may change; hence, the ultimate amount of cash distributed to each common share may need to be adjusted accordingly. It is proposed that the Chairman of Board of Directors should be authorized by the 2019 Annual General shareholders' Meeting to adjust the amount of cash distributed to each common share based on the total resolved distributable amount and the number of actual common shares outstanding on the record date for the distribution.

- (3)The dividend distribution would be based on the list of shareholders registered as of the record date of cash dividend. The cash dividend distribution would be paid to the rounded-down full NT dollar. In the case of total number of allocated amount less than NT \$ 1, criteria adjustment would be applied based on decimal point from large to small and number of account from front to back to meet the total cash dividend.
- (4)It is proposed that the Chairman of Board of Directors should be authorized by the Board to determine a record date for dividend distribution.

Voting Results: 307,746,485 shares were represented at the time of voting (including 53,195,546 shares casted electronically)

Voting Condition	Voting rights	% of the total represented at the time of voting
Votes in favor	302,108,621	98.17%
Votes against	51,671	0.02%
Votes invalid	0	0.00%
Votes abstained	5,586,193	1.82%

RESOLVED, that the above proposal be and hereby was accepted as proposed.

3. To approve the distribution of capital surplus by cash. (Proposed by the Board of Directors)

Explanation:

- (1) It is proposed to distribute NT\$ 73,020,119 from capital surplus of the issuing premium of the par value of the common share pursuant to Article 241 of the Company Act (NT\$ 0.1427 for each common share, i.e. NT\$ 142.7 for each 1,000 common shares held).
- (2) As the total number of common shares outstanding may change, the ultimate amount of cash distributed from capital surplus to each common share would be adjusted accordingly. And it is proposed that the Chairman of Board of Directors would be authorized to adjust the amount of cash to be distributed from capital surplus to each common share based on the total resolved distributable amount approved by the 2019 Annual General Shareholder's Meeting and the number of actual common shares outstanding on the record date for the distribution..
- (3)The distribution will be based on the list of shareholders registered as the record date of cash distribution of capital surplus. The aforementioned cash distribution would be paid by the rounded-down full NT dollar. As for the total number of allocated amount less than NT \$ 1, criteria adjustment would be applied based on decimal point from large to small and number of account from front to back to meet the total distribution amount.

(4)It is proposed that the Chairman of Board of Directors would be authorized by the Board to determine a record date for the distribution of capital surplus.

Voting Results: 307,746,485 shares were represented at the time of voting (including 53,195,546 shares casted electronically)

Voting Condition	Voting rights	% of the total represented at the time of voting
Votes in favor	302,117,121	98.17
Votes against	44,208	0.01%
Votes invalid	0	0.00%
Votes abstained	5,585,156	1.81%

RESOLVED, that the above proposal be and hereby was approved as proposed.

4. To approve the revisions to "Articles of Incorporation ". (Proposed by the Board of Directors)

Explanation:

(1)According to Company Act amended and promulgated by presidential decree on August 1, 2018 and to meet the operation needs, it is proposed to amend the Articles of Incorporation.

(2)A comparison table for the "Lextar Articles of Incorporation" before and after revision is attached hereto as Attachment 7(page38~40).

Voting Results: 307,746,485 shares were represented at the time of voting (including 53,195,546 shares casted electronically))

Voting Condition	Voting rights	% of the total represented at the time of voting
Votes in favor	302,105,121	98.17%
Votes against	53,171	0.02%
Votes invalid	0	0.00%
Votes abstained	5,588,193	1.82%

RESOLVED, that the above proposal be and hereby was approved as proposed.

5. To approve the revisions to “ Handling Procedures for Acquisition or Disposition of Assets ”, “ Handling Procedures for Conducting Derivative Transactions ”, “ Handling Procedures for Capital Lending ” and “ Handling Procedures for Providing Endorsements and Guarantees for Third Parties ”. (Proposed by the Board of Directors)

Explanation:

(1) To comply with the amendment of the regulations and to meet the operation needs, it is proposed to revise “ Handling Procedures for Acquisition or Disposition of Assets ”, “ Handling Procedures for Conducting Derivative Transactions ”, “ Handling Procedures for Capital Lending ” and “ Handling Procedures for Providing Endorsements and Guarantees for Third Parties ”.

(2) Comparison tables for “ Handling Procedures for Acquisition or Disposition of Assets ”, “ Handling Procedures for Conducting Derivative Transactions ”, “ Handling Procedures for Capital Lending ” and “ Handling Procedures for Providing Endorsements and Guarantees for Third Parties ” before and after amendment are attached hereto as Attachment 8 (page 41~69).

Voting Results: 307,746,485 shares were represented at the time of voting (including 53,195,546 shares casted electronically)

Voting Condition	Voting rights	% of the total represented at the time of voting
Votes in favor	284,422,938	92.42%
Votes against	17,736,354	5.76%
Votes invalid	0	0.00%
Votes abstained	5,587,193	1.82%

RESOLVED, that the above proposal be and hereby was approved as proposed.

6. To approve issuance of new common shares for cash to sponsor issuance of the overseas depository shares (“DR Offering”) and/or issuance of new common shares for cash in public offering and/or issuance of new common shares for cash in private placement (“Private Placement Shares”) and/or issuance of overseas or domestic convertible bonds in private placement (“Private Placement CB”). (Proposed by the Board of Directors)

Explanation:

(1) Fund raising purpose and fund size:

In order to invest in LED-related equipment and technology of high-level products, enrich working capital, have sound financial structure and/or support the Company’s

long term development funding needs, the company hereby proposes the shareholders meeting to authorize the Board of Directors ("Board"), within the limit of 55,000,000 common shares, considering the market conditions and the Company's capital needs to choose appropriate timing and fund raising method(s) to issue new common shares for cash to sponsor DR Offering and/or issue new common shares for cash in public offering and/or issue Private Placement Shares and/or issue Private Placement CB in accordance with the applicable laws and regulations and the following fund raising method principles. For issuance of Private Placement CB, the number of common shares can be converted within the limit of 55,000,000 common shares shall be calculated in accordance with the conversion price determined at the time of issuance of Private Placement CB.

(2) Fund raising method(s) and handling principles:

I. Issuance of new common shares for cash to sponsor DR Offering:

- (i) The issue price of the new common shares will be decided with reference to (a) the closing price of the Company's common shares on the pricing date or (b) the average of the closing price of the Company's common shares --for 1, 3 or 5 trading days prior to the pricing date (each of (a) and (b) is referred to hereinafter as the "reference price"). The Chairman is authorized to coordinate with the foreign lead-underwriter(s) of the DR Offering to determine the actual issue price in accordance with market conditions, provided that, the actual price shall not be less than 90% of the reference price after adjustment for bonus shares issued as stock dividends, shares cancelled in connection with capital reduction and the cash dividends.
- (ii) The reference price and the actual price will be decided in accordance with market practice and applicable law. In addition, assuming that the Company issues 55,000,000 common shares which are approximately 10.75% of the Company's total outstanding common shares as of February 28, 2019. As the actual price shall be no less than 90% of the reference price after adjustment for bonus shares issued as stock dividends, shares cancelled in connection with capital reduction and the cash dividends, it is unlikely that such issuance will have a material dilutive effect on the holding of the current existing shareholders. Thus, determination of the issue price of the new common shares to be issued in connection with the DR Offering should be reasonable and should not have a material adverse effect on the rights and benefits of the current existing shareholders.
- (ii) Except for 10% -15% of the new common shares shall be allocated for the employees' subscription in accordance with the applicable law, it is proposed for the shareholders meeting to approve that the rights to subscribe to the remaining shares shall be waived by the shareholders and such remaining shares should be offered to the public under Article 28-1 of the Securities and Exchange Act as the underlying shares of the global depositary shares to be sold in the DR Offering. Any new common shares not subscribed by employees of the Company shall be determined by the Chairman, depending on the market needs, to be allocated as

underlying shares of the global depositary shares or to be subscribed by the designated person(s).

II. Issuance of new common shares for cash in public offering:

- (i) The par value of the new common shares to be issued per share is NT\$10. It is proposed to authorize the Chairman to coordinate with the underwriter(s) of the public offering to determine the actual issue price in accordance with the relevant provisions of the Chinese Securities Association Regulations Governing Underwriters' Assistance in Offering and Issuance of Securities by Issuing Companies and the market conditions. And the issue price shall be reported to the regulatory authority before issuance.
- (ii) It is proposed to authorize the Board to choose either of the following methods to sell the new shares in the public offering through the underwriter(s) :
 - (a) Except for 10% to 15% of the new shares must be offered to employees in accordance with Article 267, Paragraph I of the Company Act, it is proposed for the shareholders meeting to approve the pre-emptive rights to subscribe to the remaining shares to be waived by the shareholders in accordance with Article 28-1 of the Securities and Exchange Act and such remaining shares will be offered to the public via book building. And it is proposed that any new common shares not subscribed by employees of the Company will be sold to the person(s) designated by the Chairman of the Company at the issue price.
 - (b) Except for 10% to 15% of the new shares must be offered to employees in accordance with Article 267, Paragraph I of the Company Act, it is proposed that 10% of the new shares to be sold to the public through the underwriter(s) and the remaining shares will be subscribed to by the existing shareholders of the Company in accordance with their shareholding. And it is proposed that any new common shares not subscribed by employees and shareholders of the Company will be sold to the person(s) designated by the Chairman of the Company at the issue price.

III. Issuance of Private Placement Shares and/or Private Placement CB:

- (i) Basis and reasonableness for determination of the subscription price of the Private Placement Shares:
 - (a) The higher one of (x) the simple average closing price of the Company's common shares for 1, 3 or 5 trading days prior to the pricing date, and (y) the simple average closing price of the Company's common shares for 30 trading days prior to the pricing date, after adjustment for bonus shares issued as stock dividends, shares cancelled in connection with capital reduction and the cash dividends, should be the reference price of the subscription price of the Private Placement Shares.
 - (b) The issue price of the Private Placement Shares shall be no less than 80% of the reference price. The issue price of the Private Placement CB shall be no less than 80% of the theoretical price. It is proposed to authorize the Board to decide the

actual issue price within the range approved by the shareholders meeting depending on the status of finding the specific investor(s) and market conditions.

- (c) As aforementioned subscription price of the Private Placement Shares and issue price of Private Placement CB will be determined with reference to the price of the Company's common shares and the theoretical price in accordance with the regulations governing public companies issuing securities in private placement; thus, the price determination should be reasonable.
- (ii) The investors subscribing to the Private Placement must meet the qualifications listed in Article 43-6 of the Securities and Exchange Act and are limited to strategic investor(s). Priority will be given to the investor(s) who could benefit the Company's long term development, competitiveness, and existing shareholders' rights. The Board is fully authorized to determine the specific investor(s). The purpose, necessity and projected benefits for having strategic investor(s) are to accommodate the Company's operation and development needs to have the strategic investor(s) to assist the Company, directly or indirectly, in finance, business, manufacturing, technology, procurement, management, and strategy development, etc., furthermore, to strengthen the Company's competitiveness and enhance operational efficiency and long term development.
- (iii) The necessity of issuance of Private Placement Shares and/or Private Placement CB: Considering the effectiveness and convenience for issuance of the Private Placement Shares/Private Placement CB and to accommodate the Company's development planning, including inviting the strategic investor(s), it would be necessary to issue the Private Placement Shares and/or Private Placement CB.
- (iv) For the Private Placement Shares and/or the new common shares to be issued upon conversion of Private Placement CB, after expiration of three years following delivery date of the Private Placement Shares/Private Placement CB, the Board is authorized to obtain an approval letter issued by the Taiwan Stock Exchange ("TSE") acknowledging that the Private Placement Shares /new common shares to be issued upon conversion of Private Placement CB meet the requirements for TSE listing before submitting application with the Financial Supervisory Commission for retroactive handling of public issuance of such shares and application with TSE for listing such shares on TSE.
- (v) The tentative terms and conditions of the Private Placement CB ("Offering Plan") are shown in Attachment 9 (page 70~72)

(3) Use of proceeds, the schedule and the projected benefits:

The Company plans to use the funds raised from the DR Offering and/or issuance of the new common shares in public offering and/or issuance of the Private Placement Shares and/or Private Placement CB to invest in LED-related equipment and technology of high-level product, enrich working capital, have sound financial structure and/or support the Company's long term development funding needs and plans to use such funds within

three year after completing the fund raising and plans to strengthen the Company's competition and improve operational efficiency effect.

- (4) The new common shares to be issued to sponsor the DR Offering, the new common shares to be issued in public offering, Private Placement Shares and the new common shares to be issued upon conversion of Private Placement CB will be issued in the scriptless form. Except that the Private Placement Shares and the new common shares to be issued upon conversion of Private Placement CB are subject to the selling restrictions within three years after the delivery date of the Private Placement Shares/Private Placement CB under Article 43-8 of the Securities and Exchange Act, the new common shares to be issued to sponsor the DR Offering, the new common shares to be issued in public offering, the Private Placement Shares and the new common shares to be issued upon conversion of Private Placement CB will have the same rights and obligations as the Company's existing issued and outstanding common shares.
- (5) The reason for the situation where the issue price of the new common shares to be issued to sponsor the DR Offering, the new common shares to be issued in public offering, Private Placement Shares and the conversion price for the Private Placement CB setting as a price less than the par value due to change of the market change ,the reason for the Company not adopting other fund raising method and the reasonableness for such determination:

This is mainly based on considerations of the sound operation of the Company and the security of financial structure and issuing equity related securities for fund raising is more appropriate than issuing the pure debt type securities. If the Company decides to use the fund raising methods, such as issuing new shares for cash to sponsor the DR Offering, issuing new shares for cash in public offering, and issuing Private Placement Shares, etc. the Company would not incur any interest of the debt. In such case, not only the Company's financial risk could be reduced and the Company's financial structure could be improved, but also the flexibility of the Company's fund dispatch would also be increased. For issuance of Private Placement CB, if investor converts Private Placement CB into the common shares, such would improve the Company's financial structure and benefit the Company's long term development. Thus, it should be reasonable for the Company to issue the equity related securities. If the issue price and the conversion price is less than the par value, such would be expected to cause decrease of the Company's capital surplus and retained earnings in which case the Company will, depending on the actual operating conditions in the future, make up for the losses. As the issue price will be determined in accordance with the relevant regulations, thus, after appearance of the effectiveness of the capital increase, the Company's financial structure will be effectively improved to be favorable to the Company's long-term development and would not have adverse impact on the rights and benefits of the shareholders.

- (6) After the shareholders meeting approves issuance of new common shares to sponsor the DR Offering, new common shares in public offering, the Private Placement Shares and the Private Placement CB, it is proposed for the shareholders meeting to authorize the Board to determine and amend, at the Board's sole dissertation, the terms and condition

of the new common shares to be issued for the DR Offering and/or in public offering and/or terms and condition of the Private Placement Shares and/or Offering Plan of the Private Placement CB, the plan for the use of proceeds, the schedule and projected benefits and all matters in connection therewith in accordance with the Company's actual needs, market conditions and relevant regulations. What if any amendment thereto is required by change of the regulations or as required by the regulator's instruction or based on the Company's operation evaluation or change of the market conditions, the Board is authorized to make the required amendments at the Board's sole discretion.

- (7) To complete the fund raising, the Chairman or the Chairman's designee is authorized, on behalf of the Company, to handle all matters relating to, and sign all agreements and documents in connection with, issuance of the new common shares to sponsor the DR Offering, issuance of new common shares in public offering and issuance of the Private Placement Shares and/or Private Placement CB.
- (8) The Board is authorized to handle all matters which are not addressed herein in accordance with the applicable laws and regulations.

Voting Results: 307,746,485 shares were represented at the time of voting (including 53,195,546 shares casted electronically)

Voting Condition	Voting rights	% of the total represented at the time of voting
Votes in favor	298,999,954	97.16%

Meeting Adjourn : The meeting was adjourned at 9:51 a.m.

Attachment 1

2018 Business Report

With slow growth of global economy in 2018, plus the impact of China-US trade war, the investors and consumers tended to be more conservative. However, in terms of the mainstream development trend of new technologies in the future, such as: Internet of Things (IoT), Artificial Intelligence (AI), Advanced Driver Assistance System (ADAS), 5G expected to realize smart connection of things, AR/VR providing immersive experience, and revolutionary display technologies, these new technologies will show overturning influence on human life continuously. Therefore, the optoelectronic semiconductor applications will be further extended by "sensing", "display monitor" and "5G communication". Looking back at the LED industry, the high capacity of the LED chip plants in China brought price stress, while the globally large plants focused on the development of advanced parts and integrated products, which built the technical barriers. With the history of 11 years since its establishment, Lextar Electronics insists on the operation model of integrating optoelectronic semiconductor vertically, and focuses on the chip, package, and integrated optoelectronic module, which has revived in the market of new applications. While optimizing the backlight and lighting application market continuously, Lextar also actively strengthens the deployment in the new technical fields such as automotive lighting, sensing, Mini/Micro LED and UV, which even steps from Blu-ray to red-ray technology to provide the customer with "light" solution. In terms of the production management over the past year, we quickly completed the difficult task to put the plant in Chuzhou, China into mass production, integrated the production sites, optimized the supply chain management and improved the operation efficiency. Under the efforts of all employees, Lextar achieved the stable development, adjusted the structure and maintained the profitability in 2018:

- The consolidated revenue in 2018 was NT\$11.06 billion, dropping by 8.2% comparing with that in the previous year.
- Net after-tax profit was NT\$49 million.
- The after-tax EPS was NT\$0.1
- ROE was 0.43 %

Reviewing the market of the main applications in 2018, the Mini LED developed by Lextar for a long time was commercialized successfully. The backlight application was shipped earlier than the competitors, which took the leading position in the market, and was applied in the advanced notebooks and gaming monitor. At the meantime, it also publically released the UFP I-Mini RGB display module and the Micro LED technology, so Lextar took up a critical place in Mini / Micro LED field. Besides, the key products of backlight application also include the backlight products of High Dynamic Range (HDR), Wide Color Gamut (WCG) and super narrow border panel. As the market showed diversified demands for the display monitor, Lextar was actively engaged in the market of Fine Pitch RGB Display, which could be applied in the market of shopping malls, conference halls and game machines. With the improvement of capability in manufacturing red-ray chips, Lextar would strengthen the advantages of core technologies in terms of LED chip, package, drive circuit and module design.

In the market of lighting application, with the price decline in the consumer lighting market, Lextar greatly adjusted the lighting products in 2018, reduced the manufacturing of lighting products, and focused on the development of medium and high-power parts and the design and manufacturing of photoelectric module. Moreover, it continuously promoted the high CRI LED technology and the RGBWW packaging products applied in landscape and plant lighting. Besides, we also developed the special lighting modules: including the applications of medical lighting, building lighting, stage lighting and industrial lighting, and provided the customized photoelectric design service for the customer, so as to bring value added for the products.

Lextar Electronics actively deployed in the automotive lighting, 3D sensing component, UV and the products in other new application fields in 2018. In the part of automotive lighting, the chips applied in the head light were shipped successfully; and package and module products were sold to the first-class electric motorcycle brand in Taiwan, the famous heavy motorcycle and the head light of the train in Europe, and the market of head light parts in Japan. At the meantime, Lextar took the lead in releasing the I-Mini Square tail light module and ADB smart head light system. In addition, we also made some achievements in the 3D sensing application and the development of VCSEL component, which were introduced in the big mobile phone plants successfully in 2018, and could be applied in 3D facial recognition and AR/VR. The IR LED products were also shipped to a globally-renowned sport bracelet brand. Besides, the UV products were also widely applied in the markets of UV curing, medical care and sterilization.

In the past, Lextar constantly invested into the development of new technologies, new processes and new products, strengthened the key technologies and intensified the layout of patents. More than 2,100 patents in total have been obtained globally (including the cases approved and pending). With the R&D fund reaching NT\$ 660 million, the technology achievements have been recognized by important customer globally.

In 2018, Lextar Electronics achieved the key development achievements as listed below:

- Completed the construction of Chuzhou Plant in Anhui Province, passed the ISO certification and put into mass production successfully
- Released the Micro / Mini LED products and technologies, and took the leading position in the industry
- Applied Mini LED in the backlight module and became the first one for shipment
- Released two Micro LED technologies, namely, R/G/B and color conversion type
- Applied I-Mini LED products in the automotive tail light, and promoted the concept of individualized tail light.
- Released ADB smart head light system
- Released VCSEL package and module products of 3D sensing application, and shipped to a famous mobile phone brand smoothly
- Took the lead in the industry to release RGBWW lighting application package applicable to landscape and plant lighting.
- Shipped IR LED products to a globally renowned smart doorbell brand, and surveillance & control application.
- Shipped Vertical Flip Chip (VFC) products applicable to automotive light.

Aside from development of product technologies, Lextar also kept repaying the society. Through the three activities of "Reading Helps Dream Come True", "Hope Reading" and "LED Magic Camp", Lextar constantly shows care for the education of the schoolchildren in the rural areas. The program of "Reading Helps Dream Come True" has been implemented for six years consecutively, which renovated the library for Hsinchu Emei elementary school in 2018. It allowed the children to love reading in the bright library. In the 10th anniversary in the last year, we received the painting greetings from the elementary schoolchildren of Xinle village, Meihua village, Jinping village and Emei village. Also we invited them together with the principals, to participate in the 10th anniversary celebration activities. Lextar employees were immersed in the beautiful songs and aboriginal dances performed by these children. These activities further enhanced the bond between us and the schools and even the schoolchildren.

In the prospect of 2019, under the uncertainty of China-US trade war, and the stress of market competition due to the capacity expansion of China's LED plants, Lextar Electronics as the provider of photoelectric semiconductor solution, is dedicated to the integration of photo, mechanical, electric and thermal technologies and the product innovation. Besides maintaining the backlight and lighting application market with technical strength, it will be also dedicated to the development of automotive, sensing and RGB display products. Besides, it will continuously optimize the production efficiency, increase the capacity and yield rate of the new plant in Chuzhou, invest in smart manufacturing, and improve the self-manufacturing rate of SMT parts. Lextar Electronics will be continuously dedicated to the product development and design service of the semiconductor technologies to maintain the industrial place, which will also take advantage of vertical integration to realize the corporate vision of "Smart Innovation, Amazing Life".

Sincerely,

David Su, Chairman and CEO

Audit Committee's Review Report

The Board of Directors has prepared the Company's Business Report, Financial Statements, and Earnings Distribution Statement for the year of 2018. Cheng-Chien Chen and Yung-Hua Huang, Certified Public Accountants of KPMG, have audited the Financial Statements. The 2018 Business Report, Financial Statements, and Earnings Distribution Statement have been reviewed and determined to be correct and accurate by the Audit Committee of Lextar Electronics Corp. I, as the Chair of the Audit Committee, hereby submit this report according to Article 14-4 of the Securities and Exchange Act and Article 219 of the Company Act.

Lextar Optronics Corp.
Chair of the Audit Committee meeting

Sen Tai Wen

Rationale for Nomination:

Mr. Sen Tai Wen and Mr. Yih Lian Chen, the independent directors, have served as the independent directors of the Company for three terms. Considering the fact that the company benefits greatly from their experience in finance, business management and other areas of corporate governance expertise, the company would nominate both of them as candidates for independent directors, with their expertise to give the board of directors timely supervision and professional advice when exercising the duties of independent directors.

Attachment 4

Independent Auditors' Report

To the Board of Directors of Lextar Electronics Corporation:

Opinion

We have audited the financial statements of Lextar Electronics Corporation, which comprise the statement of financial position as of December 31, 2018 and 2017, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended December 31, 2018 and 2017, and notes in the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Lextar Electronics Corporation as at December 31, 2018 and 2017, and its financial performance and its cash flows for the year ended December 31, 2018 and 2017 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audit in accordance with the “Regulations Governing Auditing and Certification of Financial Statements by Certified Public Accountants” and the auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of Lextar Electronics Corporation in accordance with the Certified Public Accountants Code of Professional Ethics in Republic of China (“the Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1. Revenue recognition

Please refer to Note 4(p) “Revenue” of the financial statements

Revenue recognition is one of the key judgmental areas for our audit, particularly in respect of the revenue recognition based on the transaction terms between clients and the large amount of transaction and comes from a lot of operation bases.

How the matter was addressed in our audit

Our principal audit procedures included: assessing whether appropriate revenue recognition policies are applied through comparison with accounting standards; testing Lextar Electronics Corporation's controls surrounding revenue recognition, including corroborating the orders from clients, the proof of shipment, and receipt documents; understanding the base to estimate the sales return and discount through comparison with actual sales return and discount after the balance sheet date; sampling the sales transaction between the reported date, exam the external file to evaluate whether the sales recognition is appropriate.

2. Evaluation of inventory

Please refer to Note 4(g) "Inventory" and Note 5 "Significant accounting assumptions and judgments, and major sources of estimation uncertainty" of the financial statements.

Evaluation of inventory is one of the key judgmental areas for our audit, Lextar Electronics Corporation is primarily involved in the design, manufacture, and sale of InGaN epi wafers and chips, as well as light-emitting diode packages and modules. As different series or models of electronic products are rapidly being replaced by new ones, it may affect the inventory of the older ones to be slow-moving, or worse yet, stagnant; thus, may result the cost of inventory to be higher than the net realized value. Therefore, this whole matter needed to be taken into serious consideration.

How the matter was addressed in our audit

Our principal audit procedures included: assessing whether appropriate inventory policies are applied through comparison with accounting standards; sampling the inventory item and comparing the aging of inventory, understanding the origin price for estimate the net realized value, and evaluating whether the calculation for lower of cost or net realized value is reasonable.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing Lextar Electronics Corporation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate Lextar Electronics Corporation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing Lextar Electronics Corporation's financial reporting process.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lextar Electronics Corporation’s internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Lextar Electronics Corporation’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause Lextar Electronics Corporation to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within Lextar Electronics Corporation to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of Lextar Electronics

Notes to Readers

The accompanying financial statements are intended only to present the financial position, financial performance, and cash flows in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers. The standards, procedures and practices to audit such financial statements are those generally accepted and applied in the Republic of China. The auditors’ report and the accompanying financial statements are the English translation of the Chinese version prepared and used in the Republic of China. If there is any conflict between, or any difference in the interpretation of, the English and Chinese language auditors’ report and financial statements, the Chinese version shall prevail.

Corporation audit.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Cheng-Chien Chen and Yung-Hua Huang.

Independent Auditors' Report

To the Board of Directors of Lextar Electronics Corporation:

Opinion

We have audited the consolidated financial statements of Lextar Electronics Corporation("the Group"), which comprise the consolidated statement of financial position as of December 31, 2018 and 2017, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year ended December 31, 2018 and 2017, and notes in the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2018 and 2017, and its consolidated financial performance and its consolidated cash flows for the year ended December 31, 2018 and 2017 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the International Financial Reporting Standards ("IFRSs"), International Accounting Standards ("IASs"), interpretation as well as related guidance endorsed by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audit in accordance with the "Regulations Governing Auditing and Certification of Financial Statements by Certified Public Accountants" and the auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Certified Public Accountants Code of Professional Ethics in Republic of China ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1. Revenue recognition

Please refer to Note 4(q) "Revenue" of the consolidated financial statements.

Revenue recognition is one of the key judgmental areas for our audit, particularly in respect of the revenue recognition based on the transaction terms between clients and the large amount of transaction and comes from a lot of operation bases.

How the matter was addressed in our audit

Our principal audit procedures included: assessing whether appropriate revenue recognition policies are applied through comparison with accounting standards; testing the Group's controls surrounding revenue recognition, including corroborating the orders from clients, the proof of shipment, and receipt documents; understanding the base to estimate the sales return and discount through comparison with actual sales return and discount after the balance sheet date; sampling the sales transaction between the reported date, exam the external file to evaluate whether the sales recognition is appropriate.

2. Evaluation of inventory

Please refer to Note 4(h) "Inventory" and Note 5 "Significant accounting assumptions and judgments, and major sources of estimation uncertainty" of the consolidated financial statements.

Evaluation of inventory is one of the key judgmental areas for our audit, the Group is primarily involved in the design, manufacture, and sale of InGaN epi wafers and chips, as well as light-emitting diode packages and modules. As different series or models of electronic products are rapidly being replaced by new ones, it may affect the inventory of the older ones to be slow-moving, or worse yet, stagnant; thus, may result the cost of inventory to be higher than the net realized value. Therefore, this whole matter needed to be taken into serious consideration.

How the matter was addressed in our audit

Our principal audit procedures included: assessing whether appropriate inventory policies are applied through comparison with accounting standards; sampling the inventory item and comparing the aging of inventory, understanding the origin price for estimate the net realized value, and evaluating whether the calculation for lower of cost or net realized value is reasonable.

Other Matter

The Group has additionally prepared its parent-company-only financial statement as of and for the years ended December 31, 2018 and 2017, on which we have issued an unmodified opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and IFRSs, IASs, interpretation, as well as related guidance endorsed by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Cheng-Chien Chen and Yung-Hua Huang.

KPMG

Notes to Readers

The accompanying consolidated financial statements are intended only to present the consolidated statement of financial position, financial performance and its cash flows in accordance with the accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such consolidated financial statements are those generally accepted and applied in the Republic of China.

The auditors' report and the accompanying consolidated financial statements are the English translation of the Chinese version prepared and used in the Republic of China. If there is any conflict between, or any difference in the interpretation of the English and Chinese language auditors' report and consolidated financial statements, the Chinese version shall prevail.

**Comparison Table of the Articles of Incorporation
Before and after Amendment**

Number of Article	Before amendment	After amendment	Reason of amendment
Article 1	The Company is incorporated, registered and organized as a company limited by shares and permanently existing in accordance with the Company Law of the Republic of China (the "Company Law")	The Company is incorporated, registered and organized as a company limited by shares and permanently existing in accordance with the Company Law of the Republic of China (the "Company Law") <u>and the Company's English name is Lextar Electronics Corp.</u>	To comply with the amendments of Company Act
Article 6	The share certificates of the Company shall be all in registered form. The share certificates, after due registration with the competent authority, shall be signed or sealed by at least three directors and shall be legally authenticated prior to issue. Once our central custody of securities is deposited with Taiwan Depository and Clearing Corporation (TDCC), securities with big denominations should be issued with the approval of the company. The Company may, pursuant to the applicable laws and regulations, deliver shares or other securities in book-entry form, instead of delivering physical certificates evidencing shares or other securities.	The share certificates of the Company shall be all in registered form. The share certificates, after due registration with the competent authority, shall be signed or sealed by at least three directors and shall be legally authenticated prior to issue. Once our central custody of securities is deposited with Taiwan Depository and Clearing Corporation (TDCC), securities with big denominations should be issued with the approval of the company. The Company may, pursuant to the applicable laws and regulations, deliver shares or other securities in book-entry form, instead of delivering physical certificates evidencing shares or other securities.	To comply with the amendments of Company Act
Article 7	The Company may charge its net cost for handling, replacing or exchanging share certificates if the original share certificates were transferred, lost or destroyed.	The Company may charge its net cost for handling, replacing or exchanging share certificates if the original share certificates were transferred, lost or destroyed. <u>Unless otherwise specified in applicable laws and regulations, the shareholders services shall be handled in accordance with the Regulations Governing the Administration of Shareholder Services of Public Companies.</u>	To meet the operation needs
Article 14	After the end of each fiscal year, the Board shall prepare and submit the following documents to the shareholders at the ordinary meeting of shareholders for their acceptance. (1) business report, (2) financial statements, (3) proposal for allocation of earnings or recovery of loss.	After the end of each fiscal year, the Board shall prepare and submit the following documents <u>in compliance with acts and regulations</u> to the shareholders at the ordinary meeting of shareholders for their acceptance. (1) business report, (2) financial statements, (3) proposal for allocation of	To comply with the amendments of Company Act

		earnings or recovery of loss.	
Article 15-1	<p>When allocating the earnings for each fiscal year, the Company shall first pay all taxes and dues, then offset its accumulated deficit and set aside a legal reserve at 10% of the earnings, until such accumulated legal reserve equals the amount of paid-in capital of the Company; then set aside special reserve in accordance with applicable laws or regulations. The remaining balance together with unappropriated earnings from previous years as dividends to stockholders, the Board of Directors shall draft a proposal to distribute the earnings, which shall be approved at a shareholders' meeting.</p> <p>The Company's dividend policy is to pay dividends from surplus considering factors such as the Company's current and future investment environment, cash requirements, competitive conditions and capital budget requirements, and taking into account the shareholders' interest, maintenance of a balanced dividend and the Company's long term financial plan.</p> <p>If the retained earnings available for distribution of the current year reaches 2% of the paid in capital of the Company, no less than 20% of the retained earnings available for distribution of the current year shall be distributed as dividend.</p> <p>If the retained earnings available for distribution of the current year does not reach 2% of the paid in capital of the Company, the Company may distribute no dividend. No less than 10% of the total dividend to be paid with respect to any fiscal year shall be paid in the form of cash.</p>	<p>When allocating the earnings for each fiscal year, the Company shall first pay all taxes and dues, then offset its accumulated deficit and set aside a legal reserve at 10% of the earnings, until such accumulated legal reserve equals the amount of paid-in capital of the Company; then set aside special reserve in accordance with applicable laws or regulations. The remaining balance together with unappropriated earnings from previous years as dividends to stockholders, The Board of Directors shall draft a proposal to distribute the earnings, which shall be approved at a shareholders' meeting.</p> <p><u>Distributing dividends and the total or partial bonus through issuing new shares should be decided by the shareholders' meeting. If issuing cash is the case, it would be decided by the board of directors and be informed to the shareholders' meeting.</u></p> <p>The Company's dividend policy is to pay dividends from surplus considering factors such as the Company's current and future investment environment, cash requirements, competitive conditions and capital budget requirements, and taking into account the shareholders' interest, maintenance of a balanced dividend and the Company's long term financial plan.</p> <p>If the retained earnings available for distribution of the current year reaches 2% of the paid in capital of the Company, no less than 20% of the retained earnings available for distribution of the current year shall be distributed as dividend.</p> <p>If the retained earnings available for distribution of the current year does not reach 2% of the paid in capital of the Company, the Company may distribute no dividend. No less than 10% of the total dividend to be paid with respect to any fiscal year shall be</p>	To comply with the amendments of Company Act

		paid in the form of cash.	
Article 15-2		<u>When the company incurs no loss, it may issue cash from the amount of legal reserve over 25% of paid-in capital and the total or partial amount of capital surplus according to the regulation of the company. The former mentioned offerings should proportionately distribute to shareholders based on their original shares. The Board of Directors should resolve on such case and report to shareholders.</u>	To comply with the amendments of Company Act
Article 15-3		<u>Whatever the company exerts on rewarding employees affiliated with the company, such as offering cash, issuing stock, issuing stock warrants, issuing restricted stock award, transferring the repurchased shares to employees, and issuing new shares to these employees with their rights reserved in compliance with acts and regulations, should be resolved by the Board of Directors or be determined by the authorized member about requirements and the way of allocation.</u>	To comply with the amendments of Company Act
Article 17	These Articles of Incorporation were enacted on April 29, 2008;; The tenth amendment was made on June 05, 2018.	These Articles of Incorporation were enacted on April 29, 2008;;The tenth amendment was made on June 05, 2018; <u>The eleventh amendment was made on June 6, 2019.</u>	To add the amendment date

Attachment 9

Lextar Electronics Corp. Tentative Terms and Conditions for Issuance of Overseas or Domestic Convertible Bonds in Private Placement

1. Issuer

Lextar Electronics Corp. ("Issuer" or "Lextar").

2. Issuance Size

The Board of Directors ("Board") is authorized, within the limit of 55,000,000 common shares, to issue new common shares for cash to sponsor issuance of the overseas depositary shares ("DRs") and/or issue new common shares for cash in public offering and/or issue new common shares in private placement and/or issue overseas or domestic convertible bonds in private placement ("Private Placement CB"). For issuance of Private Placement CB, the number of common shares to be converted within the limit of 55,000,000 common shares shall be calculated in accordance with the conversion price determined at the time of issuance of Private Placement CB.

3. Issuance Date

The Private Placement CB will be issued within one year after the 2019 annual general shareholders' meeting.

4. Issuance Method

The Private Placement CB will be issued in accordance with Article 43-6 of the Securities and Exchange Act and the regulations of the jurisdiction where the Private Placement CB is issued.

The investors subscribing to the Private Placement CB must meet the qualifications listed in Article 43-6 of the Securities and Exchange Act and are limited to strategic investor(s). Priority will be given to the investor(s) who could benefit the Company's long term development, competitiveness, and existing shareholders' rights. The Board is fully authorized to determine the specific investor(s). The purpose, necessity and projected benefits for having strategic investor(s) are to accommodate the Company's operation and development needs to have the strategic investor(s) to assist the Company, directly or indirectly, in its finance, business, manufacturing, technology, procurement, management, and strategy development, etc. in order to strengthen the Company's competitiveness and enhance its operational efficiency and long term development.

5. Form, Denomination and Issuance Price

The Private Placement CB will be issued in registered form in denomination of US\$10,000 or multiples thereof or NT\$100,000 or multiples thereof and the issue price shall be no less than 80% of the theoretical price.

6. Coupon Rate

To be determined by the Board.

7. Term

The term of the Private Placement CB shall not be more than seven years.

8. Redemption

Unless previously redeemed, converted, or purchased and cancelled, the Private Placement CB will be redeemed by the Issuer at the maturity date in cash at a price equal to the par value or the par value plus the interest.

9. Conversion Securities

The Private Placement CB will be convertible into Lextar's common shares or the DRs representing Lextar's common shares.

10. Conversion

(1) Conversion Period:

Unless previously redeemed, purchased, cancelled or converted, except during the closed period the holders are not permitted to convert under the Indenture, a holder of the Private Placement CB may request the Issuer to convert the Private Placement CB into Lextar's common shares or DRs at any time after a designated period of time following the issuance date of the Private Placement CB and until certain days prior to the maturity date in accordance with applicable rules and regulations and terms of the Indenture.

(2) Conversion Procedure:

To exercise the relevant conversion rights attached to the Private Placement CB, the holder thereof must deposit with the Issuer a notice of conversion together with the Private Placement CB and any other documents or certificates required by ROC laws.

(3) Conversion Price Determination:

The conversion price of the Private Placement CB shall be no less than 80% of (x) the simple average closing price of the Issuer's common shares for 1, 3 or 5 trading days prior to the pricing date, after adjustment for shares issued as stock dividends, shares cancelled in connection with capital reduction and the cash dividends, or (y) the simple average closing price of the Issuer's common shares for 30 trading days prior to the pricing date, after adjustment for shares issued as stock dividends, shares cancelled in connection with capital reduction and the cash dividends. It is proposed for the shareholders meeting to authorize the Board to determine the actual conversion price in accordance with applicable rules and regulations.

(4) Dividend Entitlement at Conversion

Prior to conversion of the Private Placement CB, holders are not entitled to receive any dividend distribution. Following the conversion of the Private Placement CB, the rights to receive dividend payments will be the same as the other common shareholders of the Issuer.

(5) Rights and Obligations after Conversion

Except that the Private Placement CB is subject to the selling restrictions within three years after the delivery date of the Private Placement CB under Article 43-8 of the Securities and Exchange Act, the new common shares to be issued upon conversion of Private Placement CB will have the same rights and obligations as the Company's existing issued and outstanding common shares.

11. Early Redemption at the Option of the Issuer

To be determined by the Board.

12. Holders' Put Option

The Issuer may choose not to grant holders' put option, or after expiry of a designated period following issuance of the Private Placement CB, holders may require the Issuer to redeem all or part of the Private Placement CB at a price that

would result in certain annual yield on the Private Placement CB.

13. Others

The Board is authorized to determine and amend, at its sole discretion, the terms and conditions of the Private Placement CB and other matters which are not addressed herein.
